III. Fill in the blanks. (答案不重复)

Hello, I'm Billy. I live in a flat in a city. It's small but it's near my school. There are many tall buildings and shops around my home. We can see a lot of cars and buses on the street/streets

In summer holidays, I visit my grandparents. Their house is on a farm in the country. There are many fields, woods and animals around their home. I often go fishing by the river and feed the animals when they are hungry. Living in the country is quiet and fun.

IV. Change the sentences

1. My favourite number is eight. **(Y/N Question)**

Is your favourite number eight?

2. We have some gifts on Children's Day. **(negative)**

We don't have any gifts on Children's Day.

3. Q: Where do your parents live? A: My parents live in a town.

4. Q: How many toy mice do you have? A: I have one toy mouse.

V. Complete the dialogue （注意标点！）

Tom: Hi, Jenny. Happy Birthday!

Jenny: Thank you, Tom.

Tom: How old are you?

Jenny: I am eight years old today.

Tom: How many people are there at your party?

Jenny: There are seven people (eight, nine也可以) at my party. They are my parents, my grandparents, my two friends and me.

Tom: What do you do at the party?

Jenny: We sing the birthday song, eat the birthday cake and play games. I get four gifts from my family and friends.

Tom: Do you like your gifts?

Jenny: Yes, I like my gifts. I'm so happy.

VI. Read and do 数数

1) **Numbering / Counting (Circle the subtitle 圈出小标题)**

We count things every day. Look! There are a lot of basketball players. Let's count in twos: 2,4,6,8,10. Ten players.

2) **Plus**

There are six erasers on the teacher's desk. The students bring three more erasers. So, the total number of the erasers is nine.

We say "Six plus three equals nine"

(Ct: "_____")

3) **Minus**

There are twenty books in the book corner. Some students take eight books away to read at home. How many books are there now?

Now there are twelve books.

We say "twenty minus eight equals twelve"

(Ct: "_____")

VII. Writing（选择一个等式编写应用题）

Choose one and circle. Then write a Maths problem. 要提问

8+3=11 **8-3=5**

I have eight pencils.

You have three pencils.

How many pencils do we have?

Ct: I have eight apples.

I give you three apples.

How many apples do I have?
